## INEMEN GET WAGE SCALE

trike of Telephone Employes Is Brought to an End.

ILL RESUME WORK AT ONCE

NCESSIONS ARE GRANTED BY BOTH SIDES.

THE TELEPHONE strike, involving the linemen of Utah, Idaho, Montana and Wyoming, came to an yesterday. The result was pracally a victory for the strikers, alough some concessions were made on pth sides. The telephone company as signed a contract for one year nting the concessions agreed upon nd everything is now in smooth sailorder in 'phone circles. The strik-, who have been out for three weeks more, will return to work all along line Monday morning. The result ms to be satisfactory to all parties accrued and no further difficulty is

day afternoon, when General Mana-r Murray of the company signed a on it. This contract is to remain force for one year, and of course, the expiration of that period, the expect to ask for a renewal

Sliding Scale of Wages. For some time past the general walkof linemen all along the lines has hampered the company in their oper-tions that efforts have been made on th sides to compromise the matter tically the same as asked by the strikers when they walked out. The semand of the strikers at first was for \$3.75 per day for foremen, \$3.50 per day for sub-foremen and \$3.25 per day for emen. Some other concessions were to asked by the linemen, but they are of minor importance and these ere compromised upon by the strik-s, they announcing their willingness i go back to work if the company ould grant the wage scale asked. This increase in pay not only affects to local linemen but those who walked at in the other states because of the

rike of the linemen here. The linemen were successful in se-uring the recognition of the union by the company and that to them is as eat a matter almost as getting what anded, for it means that acked by the union, the latter must

e recognized by the company.

As soon as the strike was settled, the ord was telegraphed along the line and the strikers in the other states ere notified to return to work. This ney will do Monday morning, and the en will, no doubt, be kept rather me time catching up with he work that has fallen behind during he period of strike.
